09/06/2020

Resurfacing works on the Weavers' Way between Lock Road, Honing and Yarmouth Road, North Walsham will be closed to all traffic; foot, horse, and cycle.

Resurfacing work is set to recommence following Government easing of COVID-19 restrictions for construction works. The scheme will carry on from where construction had to stop due to COVID-19 lockdown back in March 2020.

The work at Honing has been split into two phases;

- 1) Restarting of works from **Canal Farm Lane through to Honing Station**. This section of the Weavers' Way will be closed for 3 weeks from 15 June 2020 to 03 July 2020. Please note Honing Station car park, off Station Road will be closed to the public during this period.
- 2) From 06 July 2020 to 24 July 2020 (3 weeks) resurfacing works will commence from **Windmill Road to Bengate ramp** Yarmouth Road, North Walsham.

This project will improve surface conditions along the Weaver's Way between Lock Road and Yarmouth Road by constructing a stable, level, unsealed surface, widening the current path to 2.5 metres, and reducing water retention to create an all season, accessible, off-road route for walkers (including access impaired users), horse riders, and cyclists.

During the period of resurfacing and with COVID-19 safety measures in place, the route will be closed to all traffic.

COVID-19 safety measures are in place to protect members of the public and site staff. Please follow government guidelines and onsite notices to stay safe:

- For your safety do not enter construction area
- For your safety follow site staff instructions
- Keep at least two metres apart from anyone outside your household at all times
- Take hygiene precautions when you are outside
- Wash your hands as soon as you are back indoors
- Take hand sanitiser with you when you set off in case there are no handwashing facilities

Detail on locations of the surfacing improvements can be found on the map below.

The County Council thanks people for their patience while this path surface improvement work is carried out.

This is the second stage of a larger resurfacing scheme on Weavers' Way with sections at North Walsham and Felmingham already completed and additional sections to commence at Stalham from August 2020.

The work which will cost £826,150 will be carried out by Norfolk County Council's Community and Environmental Services Department and their contractors. This scheme has been externally funded by the European Agriculture Fund for Rural Development as part of the Rural Development Programme for England.

Resurfacing work is set to recommence following Government easing of COVID-19 restrictions for construction works.

The section of Weavers' Way highlighted in blue will be closed for **up to 3 weeks** from **15 June 2020**. Please follow the suggested diversion marked in light green on the map above.

The section of Weavers' Way highlighted in red will be closed for **up to 3 weeks** from approximately **3 July 2020**. Please follow the suggested diversion marked in dark green on the map above.

This work will improve current surface conditions by constructing a stable, level surface, widening the path where necessary, and reducing water retention to create an all season, accessible, off road route for walkers (including access impaired users), horse riders, and cyclists.

COVID-19 safety measures are in place to protect members of the public and site staff. Please follow government guidelines and on-site notices to stay safe:

- For your safety do not enter construction area
- For your safety follow site staff instructions
- Keep at least two metres apart from anyone outside your household at all times
- Take hygiene precautions when you are outside
- Wash your hands as soon as you are back indoors
- Take hand sanitiser with you when you set off in case there are no handwashing facilities
